1) TYPES OF SCHOLARSHIPS.

- There are different types of scholarships depending on the current situation of the player or future projection of the same.
- These scholarships will mean a reduction of the total amount that the player must pay to the WGTA academy for his training.
- The 4 types of scholarships are:
 - Type 1: 25% of the total amount.
 - Type 2: 50% of the total amount.
 - Type 3: 75% of the total amount.
 - Type 4: 100% of the total amount.

2) REQUIREMENTS FOR OBTAINING THE SCHOLARSHIP.

- There are two ways for a WGTA player to qualify for a tennis scholarship:
 - That the player is a proven reality at the moment of obtaining a scholarship. This should be ratified by his position in the ranking and by his sports history.
 - That the WGTA technical team considers the player, taking into account multiple aspects, suitable for a scholarship due to its future potential.

3) DURATION OF THE SCHOLARSHIP.

- The scholarships granted by WGTA will have an annual duration.
- An initial trial period of 3 months will be established at the beginning of the program.
- Once this period has passed positively, the scholarship will be annual, completing the remaining nine months.

4) RENEWAL OF THE SCHOLARSHIP.

- At the end of each annual scholarship period, the conditions will be re-examined, determined on the one hand, the continuation for a new annual period or the rescission of the same and, on the other hand, the reassignment of the type of scholarship.

5) PAYMENT CONDITIONS.

- The conditions and payment periods will be identical to those contemplated in the WGTA economic contract, since the scholarship is one more player of the academy, subject to the same economic and disciplinary regimes.
