Adult player Program at WGTA

TENNIS AT WALTER GRÜNFELD TENNIS ACADEMY

WALTER GRÜNFELD TENNIS ACADEMY (WGTA) is a tool designed to organize Tennis camps for Spanish and foreign children and adults, throughout the year, so that they have the opportunity to live a great experience surrounded by their favourite sport in a spectacular setting.

Due to our location in Barcelona (Spain), a city that breathes sport and that has been dedicated to sports activity for decades, we can offer a wide range of Tennis programs that fit the needs of each group that visits us, all with a climate and privileged temperatures throughout the year.

In WGTA we have different Tennis programs including the necessary equipment, accommodation, maintenance, daily and occasional transportation and a complete international medical coverage, so that groups that rely on our work do not have to worry about anything, except to spend a pleasant stay among us.

All Tennis programs are adapted to each group, according to age and level of skill and are taught by qualified professionals with extensive experience, who help children and young players to develop physically and humanly through sports, promoting values such as respect, education, effort, discipline, ability to overcome, order, punctuality, coexistence and fellowship.

It shares with WGTA the integral formation of the person through our passion for sport.

TENNIS ACADEMY PHILOSOPHY AND TRAINING PLAN

The Tennis Academy offers a short time training program for players who want to take their game to the next level but who do not have the time to train like a full time player. The short time players can be at any level starting from the age of 10 or 12 years.

We define a tennis player as the sum of his genetic qualities plus his ability to work. At WGTA we are looking for WARRIORS who want to exploit their qualities to the fullest.

At WGTA we understand that your qualities can lead you to be a good player but only your mental strength will lead you to be the best player you can be. At our Academy we are aware of the importance of this training and we perform it both on the court in each session and in specific sessions outside of it.

The philosophy of training at WGTA is based on planning, training and development of each player based on the below :

- Objectives
- Technical Aspects
- Tactical Aspects
- Physical Aspects
- Mental Aspects
- Competition Considerations
- Behaviour and Disciplinary Regime
